Collection unit		
Dust capacity	lt	15
Encumbrances		
Dimensions	cm	38x34x44h
Weight	kg	8

APPLICATIONS: **General housekeeping**

PROVAC 150 D professional vacuum cleaner, easy to manoeuvre

SUCTION UNIT

Suction is generated by one carbon brush by-pass motor activated by independent switches located on a solid metal head that protects the motor from possible blows and ingress of external bodies, keeping the noise level to a minimum.

FILTER UNIT

The polyester bag filter, placed inside the filter chamber, guarantees a large filtering surface area and high resistance to dust passage and clogging.
