

HEAVY DUTY VACUUM CLEANERS

MDUPUY
TAILOR MADE VACUUMS

Powerful, strong and productive. SL and DL were born to handle any challenge.
Resistant to stress and abrasion, made with a 5 mm thick metal.
Low maintenance, extraordinary results.

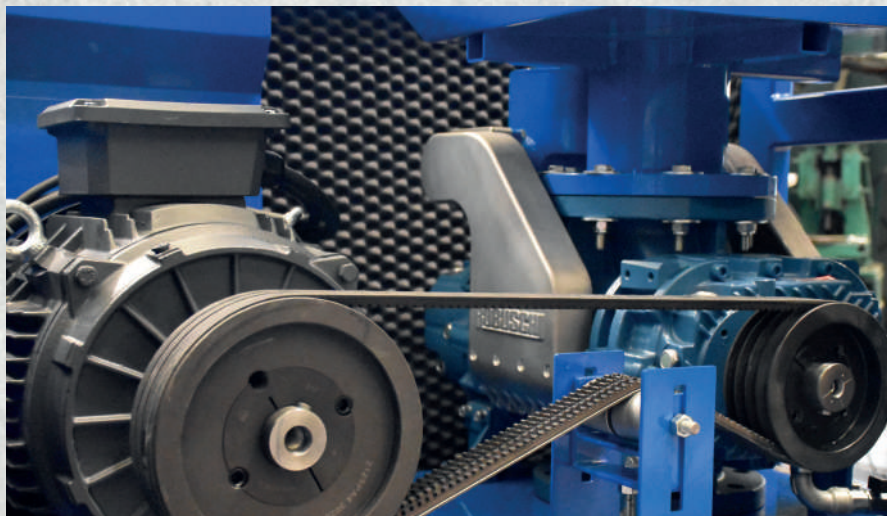

SL / 22 / 65

- ✓ **High container capacity**
up to 1140 liters for any debris
- ✓ **Versatility**
SL and DL can be connected to a pipeline
- ✓ **Easy and safe discharge system**
automatic suction stop when maximum level reached, butterfly valve D400 mm
- ✓ **100% efficiency**
filter inspection door + automatic reverse jet pulse filter cleaning
- ✓ **Good transportability**
by crane or forklifts thanks to its special intakes

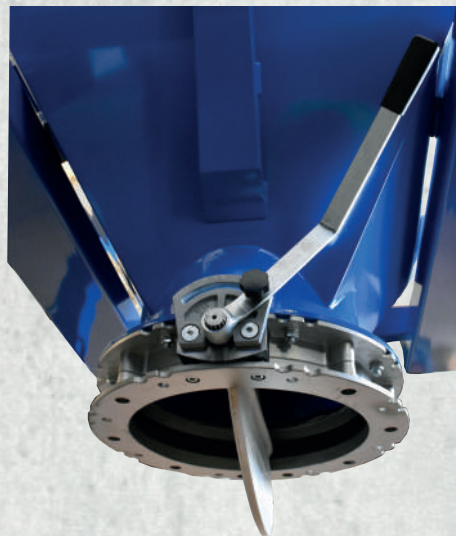

DL / 22 / 65

Connected to a 1000 lt capacity container.
Power and mobility !

Lobe pump and motor from 22 kW up to 37 kW

Easy discharge with butterfly valve

**SL and DL are suitable for hard working environments as foundries and cement plants.
Powders, metal debris, granules ...
Large quantities of materials (even big size) will be vacuumed efficiently**

Technical data / Dati tecnici

		SL / DL 22	SL / DL 37
Voltage / Tensione	Volt	400	400
Power / Potenza	kW	22	37
Water lift max. / Depressione max.	mm.H ₂ O	5000	8500
Air flow max. / Portata d'aria max.	M ³ /h	1600	1600
Filter surface / Superficie filtrante	Cm ²	160.000	160.000
Filter type / Tipo di filtro		Double Bags / Maniche doppie	
Filter efficiency / Efficienza filtro	CAT (BIA)	M PTFE	M PTFE
Safety filter / Filtro di sicurezza	Cm ²	70.000	70.000
Tank capacity / Capacità contenitore	Lt.	1150 / 1000	1150 / 1000
Pulizia automatica del filtro / filter autodecleaning system		Yes/SI	Yes/SI
Compressore a bordo / compresso integrated		Yes/SI	Yes/SI
Controllo di livello / level control		Yes/SI	Yes/SI
Controllo di temperatura / temperature control		Yes/SI	Yes/SI
Suction inlet / Ø bocchettone	mm.	120 cm.	120
Dimensions / Dimensioni		160x160x368 / 170x160x291	160x160x368 / 170x160x291
